Lions Camp Tatiyee serves individuals with total care needs. We do diapers, catheters, g-tubes etc. Campers must be able to communicate. Communication comes in many varied and basic forms, if you are curious, please call and talk to us about how your camper may communicate feelings to you.

Our staff to camper ratio is 1 staff to 1 camper when needed and 1 staff to 4 campers at the highest level. This occurs when our campers are more independent. Lions Camp Tatiyee is accredited by the American Camp Association. This accreditation requires us to uphold to over 300 health and safety standards.

If you want to see a break down in the schedule or possible activities, you can go on our camp web site at www.arizonalionscamp.org and look at the page entitled a 'Day in the Life of a Camper'. We do not prepare schedules ahead of time. We pull from a variety of planned activities depending on the campers that arrive and the needs they have.

Campers are allowed to call home if the need to, however we encourage this to be done in the morning, when they are not as tired. Please do not send handheld games and electronics, they take away from the camp experience. Phones are allowed but they will be left in the cabins and used between rest hour (1 to 2 pm, shower time 4 to 5:30 pm). We are not responsible for their loss.
